

FIFTEEN PLUNGE TO THEIR DEATH

Fatal Accident on French
Railway Running 70
Miles an Hour.

ITALIAN ENVOY KILLED

Sunken Track Causes the En-
gine and Dining Car
to Jump the Rails.

LIST OF THE DEAD WILL GROW

Paris, Nov. 16.—Later reports from the scene of the railway wreck near Dax say fifteen bodies have been recovered including that of Count Canevaro, the Italian envoy to Madrid, the Duchess of Canevaro, wife of the Peruvian minister to France has died from injuries. Canevaro was killed outright. All the injured were taken to Bordeaux. It is claimed that the train was running seventy miles an hour.

Details of the Accident.
Bayonne, France, Nov. 16.—The southern express was derailed last night between St. Georges and Saubusse, near Dax, southeast of Bayonne. The restaurant car was perched at an angle over an embankment. Thirteen persons were killed and twenty others injured, several seriously. Five passengers are missing. The list of the killed includes Senor J. P. Canevaro, Peruvian minister to France, and an attaché of the Peruvian legation in Madrid.

The section of the line where the accident occurred is under repair and the derailment is attributed to the great speed of the express.

The engineer says that the ground gave way under the locomotive which sank into the ballast. The restaurant car came into terrific collision with the tender and alone rolled down the embankment.

It was luncheon hour and out of thirty four passengers in the train, thirty were at the table.

The bodies were terribly mangled. The engineer who was thrown into a field had miraculous escapes.

The Italian envoy to the Spanish court to announce the accession of King Victor Emmanuel is believed to be among the missing.

BUILDING LARGEST SHIPS IN WORLD

Great Northern Orders Vessels For Its
Trade In The Orient—Intended
For Cargo Carriers.

New London, Conn., Nov. 16.—Work is being pushed on the laying of the keels to the mammoth iron steamships to be built at the works of the Eastern Shipbuilding company at Groton, opposite New London, and the work of putting the hulls together will be pushed.

A statement regarding the size of the ships shows them to be larger than any vessels in the world now building or planned. The new vessels will be of 20,000 tons register and 33,000 tons displacement, or just 10,000 tons more displacement than the new Atlantic greyhound Deutschland.

The new steamers are intended primarily as cargo carriers, are not as long as many of the Atlantic liners, but are much wider and deeper.

The following are the principal dimensions of the vessels: Length, 630 feet; beam, 73 feet; depth, 56 feet. They have each five continuous decks extending the entire length of the ship. They have three partial decks amid ships.

Passengers as well as freight will be carried and accommodations will be provided for nearly 1,000 passengers in the three classes.

The vessels have a speed of over fourteen knots an hour and carry over 4,000 tons of coal in the bunkers. They are designed to carry any kind of cargo that may appear. It is estimated that when completed the steamships will cost fully \$3,000,000, and they are intended to run from the Pacific coast to oriental ports in connection with the Great Northern railway.

ization Would Be About
\$408,000,000.

Pittsburg, Pa., Nov. 16.—The initial quotation on the Carnegie stock was made at the Pittsburg Stock exchange today when one share was sold for \$1,500, \$500 above par value. How much the buildings will cost is not stated and the city is not asked to maintain the school.

FORMIDABLE RIVAL TO BELL COMPANY

Erie Telephone Company Adds New
Lines to Its System—Concern
Owens Wisconsin Company.

Baltimore, Md., Nov. 16.—It was announced here today that negotiations are being conducted looking to the absorption of the Maryland Telephone company of this city, the Pittsburgh & Allegheny Telephone company, of Pittsburgh, Pa., and the Delaware Telephone company, of Wilmington, Del., by the Erie Telephone Co. The Erie Telephone company is the most formidable rival of the Bell system. It operates systems in Wisconsin, New York, Ohio, Minnesota and Michigan, and has telephone connections with 1,888 cities and towns in the west. It has a capital of \$15,000,000 besides stock and \$1,000,000 of 6 per cent. bonds and \$9,000,000 of 5 per cent. bonds outstanding.

The Erie Telephone and Telephone company owns the telephone interests in Wisconsin which are included under the name of the Wisconsin Telephone company. The properties of the Wisconsin company went under the control of the Erie company when a combination of the systems of five states was effected last spring.

KILL THE CHINESE FOR MERE SPORT

Soldiers Ordered to Slay the Natives—
Terrible Cruelties Practiced
by the Allies.

Berlin, Nov. 16.—The news that Prince Tuan and General Tung Fu Hsiang had rebelled was greeted here as a favorable sign. The Tabeiatt says that if it be true, the rebellion will probably induce the emperor and empress dowager to return to Peking and place themselves under the protection of the powers.

The news from the German naval society's correspondent that Herr Knapp, the German consul general in Chang-Hai, left today for Nankin is interpreted as significant. Newspapers believe that he will confer with the viceroy about inducing the court to return to Peking.

Another batch of soldiers' letters describing horrible cruelties committed in China at the orders of superiors is published today. The Vorwarts prints five such communications.

SMALL PAY FOR THE COUNTY TEACHERS

State Association of County School
Superintendents Will Meet in
Milwaukee On Dec. 26-27.

Milwaukee, Nov. 16.—The state association of county school superintendents will meet in Milwaukee on December 26 and 27. The headquarters will be at the hotel St. Charles, the sessions in the afternoon, and a banquet will be held on Wednesday evening. The officers of the association are: President, Lynn B. Stiles, Milwaukee county; vice president, Annie E. Schaffer, Chippewa county; Secretary and treasurer, James K. Lowry, Waukesha county; executive committee, W. R. Hunt of Green Lake county; J. A. Hazlewood of Jefferson county, William Griffith of Kenosha county.

President Stiles has sent to members a blank containing a number of questions in regard to the work in the county schools. The replies are very interesting. They show that women teaching in country schools in Wisconsin are paid on an average of from \$25 to \$27 a month. Considering that they have to pay board and dress pretty well it is not considered that their places are as desirable as those of servant girls, who, though they receive a little less cash, have board and lodging thrown in and do not have to keep up appearances to the extent of the school teacher.

Havana, Nov. 16.—J. R. Harrison of Kansas, acting postmaster of Havana, has been appointed director general of posts, the position formerly held by Rathbone.

FULL-BACK ONLY CAUSING WORRY

MADISON HOPES TO WIN A BIG
VICTORY FROM CHICAGO.

Team Left This Morning with a Train-
ing Force and Rooters, for the
Windy City—The Game Tomorrow
Promises to Be Important in
Championship Race.

Madison, Wis., Nov. 16.—The football team left at 8 a. m. today for Chicago, accompanied by the coaching and training force and a considerable contingent of cardinal admirers. The big excursion of rooters leaves tomorrow morning. The last practice before the great game was taken at Camp Randall behind closed gates yesterday. All this week spectators have been kept from viewing the work of the team and the utmost secrecy has been maintained in regard to the plays and formations that will be used against Wisconsin's arch enemy, Chicago.

It is well known that Phil King would rather make the Midway aggregation bite the dust than any other football team in the west and this feeling is shared by every man, player and student.

The defeat of December 9 a year ago is still fresh in Wisconsin's memory and it is confidently believed that on Saturday afternoon the Rockefeller proteges of Chicago will see the tables turned against them with a vengeance. Last night a big student mass meeting was held at which football enthusiasm ran rife. Student speakers, coaches and players urged the necessity of a large following of rooters and warned the Wisconsin people against over-confidence. The statement was made by several of the players that should the Badgers defeat Chicago by a large score and follow this up by defeating both Illinois and Northwestern we might still be considered in the championship race notwithstanding our defeat by Minnesota two weeks ago.

The Badger team with one or two exceptions is in excellent condition. The full-back position alone is causing worry. Driver has been sick since the Notre Dame game and is still weak, making it doubtful whether he can enter the game. Schreiber wrenched his knee very badly in Tuesday's practice and has been unable to enter the hard scrimmages since then. Hummerson has been covering the position this week and considering his newness at the place does very well.

Student manager Wheeler before he left for Chicago said there was a strong possibility that the Illinois game on Thanksgiving day would be played in Milwaukee and the Northwestern game, which is practically assured for Nov. 24, would be played in Madison.

THEY DECIDE TO FOLLOW THE FLAG

National Council of Women to Estab-
lish Commissions in Our New
Island Possessions.

Minneapolis, Nov. 16.—The national council of women decided today to follow the flag into the new island possessions of the United States. Commissioners will be sent to investigate social and domestic life in Cuba, Hawaii, Porto Rico and the Philippines, and if it is deemed expedient permanent commissions will be established in the islands. The following commissioners were chosen:

Hawaii—Mrs. H. R. M. Wallace.
Cuba and Porto Rico—Mrs. S. M. Fiske, Minneapolis.
Philippine Islands—Mrs. Emmeline B. Wells, Utah.

Their instructions are to secure co-operation in the islands themselves if possible, so as to lessen the expense of carrying out the plans. The national association of Colored Women was recognized and its president, Mrs. Mary Church Terrell of Washington, D. C., welcomed as a member of the council. The national association of nurses was also admitted.

Either Be Hanged or Burned
At the Stake.

He will be met by the sheriff of Limon and the father of the girl. The former will take Porter by train to the scene of his crime where a mob has been waiting to hang him since he confessed. It is safe to predict that porter will either be hanged or burned at the stake before four o'clock this afternoon.

CANNIBALS ATTACK CREW OF A SHIP

NEWS FROM THE SOUTH SEA OF
MASSACRE OF BLACKS.

Eight Villages in Admiralty Group Are
Burned and Sixteen Natives Killed—
Swift Punishment Meted Out to
the Cannibals—German Warship
Interferes in Behalf of Peace.

San Francisco, Cal., Nov. 16.—The schooner Mascotte, which has arrived here from the South seas, brings tales of cannibalism and the massacre of blacks. For the last two years the Mascotte has been trading between the Solomon Islands, New Guinea, and New Ireland. Her deck, rails and sails bear the marks of cannibals' spears and bullets. The schooner arrived at Kemali, in the Admiralty group, just after the murder of Herman Matzke, trading agent there. This was August 29.

When the Mascotte dropped anchor in the harbor three canoes shot out from the land. Capt. Maccio and a boat's crew went ashore and found that the Copra house had been looted and that Matzke's home was a wreck. In the yard a big pot was still sizzling over the dying embers of a fire and in the pot were found some of the bones of the victim.

Chased Aboard Ship.
The cannibals had not gone far. They had found in the agent's home fifteen guns and with these they returned for Capt. Maccio and his crew. A hasty retreat was made to the schooner and the cannibals chased them with their stolen guns.

Once aboard the Mascotte the captain turned loose all the available arms. The bullets from the islanders found marks in the rails and decks and rattled the foresail. Capt. Maccio brought into play a small gun, and the noise, more than the effectiveness of the gun, scared the cannibals away.

The Mascotte, which is an auxiliary schooner, steamed to Kusal in the Carolines, and notified the Zeadler, German sloop of war, of the murder. Both schooner and warship returned to Kemali and the native villages were shelled.

Destroying Their Villages.
Eighty villages were destroyed by fire, sixteen natives were killed and twenty were taken prisoners.

In June the Mascotte put into Maty island, in the Solomon group, and two traders went ashore with the supercargo. A great crowd of natives, scenting a big feast, made for them and filled the air with spears.

Capt. Maccio fired and killed one of the cannibals. This stopped the rest for a moment. Then another savage bit the dust. They turned their dead over and found two holes in their bodies. Then two more fell and the rest of them took to the woods.

REPORTS ON ARMY GUNS.

Gen. Buington Says Disappearing Car-
riage Is a Success.

Washington, D. C., Nov. 16.—Gen. Buington, chief of the bureau of ordnance, has devoted much of his report to the secretary of war to disappearing gun carriages. This is a subject over which there has been much controversy. Gen. Buington says the carriages have worked satisfactorily and says the question raised, involves the disappearing system itself. He says the department is ready to take up with the proper authority any other system.

The report says that heretofore there has been little use for the mountain guns, but upon requisitions from the Philippines all the mountain guns on hand, together with two 6-gun batteries were purchased and sent to Manila. There was a demand for small caliber machine guns, and quite a number have been purchased and sent to the Philippines.

Contracts have been made for 1,151,000 pounds of smokeless powder, of which 800,000 pounds were for the use of seacoast guns and mortars.

LA CROSSE RINGS A CURFEW

Wisconsin City Tries to Keep Chil-
dren Off the Streets.

That remnant of feudalism becomes effective through an ordinance recently passed by the city council through the influence of the Humane society and the churches. The law effects children under 15 years of age and during winter children must be home by 8 o'clock. The experiment will be watched with interest.

THEY ARE PART OF THE UNITED STATES

Methodist Bishops Discuss the position
of the Philippines as Related
to Missions of the Church.

New York, Nov. 16.—During a discussion on the distribution of mission money at the morning session of the general missionary committee of the Methodist Episcopal church Bishop Hurst asked:

"Is this fund for the Philippines to be distributed from home or abroad? From Manila? And what does Manila mean? Is it under the United States flag, and when Bishop Warren or any other bishop goes there it is not as a bishop, but as a superintendent. He is simply a citizen. President McKinley himself has ordered the Philippines put down as a part of the United States on the maps, and so it cannot be a foreign mission field."

After several of the bishops had spoken on this question it was finally decided that the matter of jurisdiction was something for the general conference to decide. Bishop Thoburn of India said before the conference closed: "For all we know, and it looks quite probable just now, the United States will be governing 100,000,000 Chinamen."

AN AGED COUPLE BURNED TO DEATH

Calamity at Spencer, Wis., Indicates
That the Fire was of Incen-
diary Origin.

Spencer, Wis., Nov. 16.—An aged couple named Klotow were burned to death in their farm house a short distance from this place last night.

Circumstances surrounding the case have given rise to the opinion that the fire was of incendiary origin. The district attorney and coroner have been notified and are expected here to investigate the matter.

The Klotows were so advanced in years that they did not feel equal to the work of caring for themselves and their property, and recently deeded away their farm taking in return a bond to support them the remainder of their lives.

SHE HURLED AN AX AT KAISER WILLIAM

As Emperor Was Driving On Streets
Of Breslau This Morning a
Woman Attacked Him.

Breslau, Nov. 16.—Emperor William was the object of an attempted outrage today which failed. He was driving in an open carriage to the Currier barracks accompanied by the hereditary prince of Saxe Meiningen. A woman in the crowd hurled an axe at the carriage. The rapidity of the movement of the vehicle saved the occupants, the axe falling behind the carriage. The woman was arrested.

CENSUS FIGURES ON TWO STATES

MICHIGAN AND KENTUCKY
SHOW HEALTHY GROWTH.

Both Gain at One Rate—The Former
Now Has a Total Population of
2,420,983 and the Latter's Popu-
lation Reaches 2,147,174—Few Coun-
ties Show a Loss.

Washington, D. C., Nov. 16.—Michigan showed a healthy growth in its population during the past decade but in four similar periods the growth was larger than for the ten years ending in 1900. The population now is 2,420,982, as against 2,093,889 in 1890, an increase of 327,093, or 15.06 per cent.

The largest numerical gain was during the decade ending in 1890, when it was 456,952, the next largest was during the preceding decade, when it amounted to 452, 878. For the period ending with 1870 the gain was 434,946. The largest increase in percentage was in 1840, being 570.90, and in 1830 it was 260.97. With these two exceptions the percentage of gain never has exceeded 83.38. The population for Michigan in 1890 is more than 500 times greater than it was in 1810. The total land surface of Michigan is approximately 57,430 sq. miles, the average number of persons to the mile in 1900 being 40.10, while in 1890 it was 36.46.

Kentucky's Growth Healthy.

Kentucky's growth was also a healthy one, the figures being 2,147,174 for 1900, as against 1,858,635 for 1890, an increase of 288,539, of 15.5 per cent.

Only during one decade has the population of Kentucky increased more than during the decade just ended. That was the ten year period ending in 1880, when the increase was 327,679. In 1800 the percentage of gain was greater than for any other decade, it being 199.90. That was the only time that the per centage mark exceeded 100, the next highest being in 1810, when it was 83.98. The population of Kentucky for 1900 is almost thirty times as large as in 1790. The total land surface of Kentucky is 40,000 square miles, the average number of persons to the mile being nearly 54, while in 1890 it was 46.47.

MUDDLE IN IOWA IS FAR-REACHING

Ballot of Nov. 6 Was Illegal, and
There Is Not Another Until
1903—All Officers Hold Over.

Des Moines, Ia., Nov. 16.—The attorneys have discovered a new and serious defect in the constitutional amendment which Iowa people adopted last week providing for biennial elections. Through the adoption of the amendment, which extended the tenure of officers whose terms would otherwise expire in January for an additional year, it is now believed that the people failed of electing any ticket on Nov. 6, excepting the electoral and judicial candidates and those to fill vacancies, not only can the officers who seem to have been elected to take their seats a year from January, as provided by the amendment, but not at all, because the election was invalidated, and the incumbent officers will hold not only during the additional year guaranteed by the amendment, but during still another, because the ticket just elected and the amendment abolishes all elections until 1903.

This situation is more alarming than any other which has arisen out of the amendment muddle. It is argued by those supporting this position that the amendment and the ticket voted for were diametrically contradictory. The people could not vote for the affirmative and negative of a proposition simultaneously, they say, and it is an absurdity to say that they accomplished by their votes for officials what they specifically voted not to accomplish by adopting the amendment.

CERTAINLY THE HEN IS NOT TO BLAME

SEASON WHEN PEOPLE PAY
BIG MONEY FOR POOR EGGS.

Batch of Gossip and News from Edgerton—Woman's Methodist Missionary Society in Session at Clinton—Social and Personal from Cookville Lima and Other Towns.

Edgerton, Nov. 16—Driving twenty-seven miles every day, rain or shine, hot or cold, delivering mail for Uncle Sam in the rural districts, is not exactly the kind of occupation Mont Langworthy yearns for. Far from it when the compensation is taken into consideration. Five hundred dollars a year is not enough to induce Mr. Langworthy to freeze on to the job and he has tendered his resignation of the F. R. D. No. 1, to take effect December 1st. Millard Hain will be Langworthy's successor.

Saturday morning Mr. W. W. Carman was found in the stock yards in an unconscious condition and was removed to the home of his son-in-law, P. C. Brown. Dr. McChesney and Dr. Cleary were immediately summoned, but found him beyond the aid of medical skill and for several hours he remained unconscious, and about three o'clock in the afternoon death came to his relief. Apoplexy was the cause and he was suddenly stricken while working in the stock yards caring for the stock there. Funeral services were held from the home of Mr. Brown Tuesday afternoon, conducted by Rev. W. C. Whitford, of Milton, assisted by Rev. Frank L. Moore of the Congregational church of this city. Interment was made in Farrett cemetery. At the time of his death Mr. Carman was 66 years old, hale and hearty as you would wish to find a man at that age. For over twenty years he lived at Milton; he also resided in Janesville and Evansville, but for the past few years lived with his son-in-law, Mr. P. C. Brown of this city. He leaves a son and two daughters to mourn his loss. Charles Carman of Madison, Mrs. P. C. Brown of this city and Mrs. Gertrude Hager of Janesville.

Wm. Strickler was arrested Tuesday was charged with breaking into the saloon of Frank Hartzheim and stealing nine dollars from the money till. He was given an examination in Judge Smith's court Tuesday afternoon and Wednesday was bound over for trial in the municipal court in Janesville. Saturday night at the close of business Mr. Hartzheim left about ten dollars in the money drawer, mostly in dimes and nickels, and Sunday afternoon when the robbery had been discovered Strickler was searched and on his person was that amount of money all in small change. He also had in his pocket a screw driver, a file and some old keys. Wm. Strickler is an old timer at the business, having served two terms at Waupun for similar offenses, both of them being for breaking into saloons in this city. He is case hardened and prison life has no horror for him.

This is the season of the year when people pay good money for poor eggs. At a grocery store in this city a lady purchased two dozen of eggs recently and only fourteen of them had passed their day of usefulness. This testimony arising spontaneously as it did leads one to the belief that the "honest farmer" leaves his honesty at home when he goes to the market with eggs. Certainly the hen is not to blame, for when she laid those eggs last June and July they were good and fresh, and as she left the nest the event was heralded far and near by her never ceasing cackle. The fault lies between the one who sold the eggs and the merchant who bought them. Eggs at eighteen cents per dozen should be closely inspected before being placed on the market.

Every one of the forty odd warehouses here is being put in shape to receive the 1900 crop which will be ready for delivery in a few short weeks. With all the tobacco that has been bought and to be handled over the bench in the warehouses here this winter it will require the services of something like fifteen hundred persons. And a large per cent. of them will come from out of town to work here during the season. For a busy place in the winter time one need look no farther than Edgerton, the central tobacco market of Wisconsin.

Miss Ruth Watson spent Sunday with friends in Janesville.

S. Weil and son of New York, who have been in this market for several weeks have returned home.

The lecture course here opens the season next Monday evening at which

time the Stephenson-Amsbury Co. will for the first time appear before an Edgerton audience.

There is no mistaking the fact that the holiday season is approaching. Every merchant in Edgerton is preparing for the event and already large lines of holiday goods are on the counters and displayed in the stores. Prosperous times have induced them to buy heavily this season.

We think not They make the surroundings warm, bright and most inviting. Don't strain your eyes in trying to read from high gas jets. Buy a Reading Lamp and have the light thrown direct and with force and strength on your paper or book. The cost of operating one Reading Lamp is less than half of two high placed jets. Then, too, the Lamp is so much more satisfactory. This is plain truth. Our Lamp assortment, with the celebrated Welsbach burner, is complete. Prices are not high,

—Under Doctor's Care.

E. K. Wheeler, better known as "Kirby," a tinner in the employ of E. W. Lowell and residing at 205 Fourth avenue was badly hurt this morning while at work on the new warehouse being built by Soverhill & Porter, by falling from the roof.

Mr. Lowell has the contract for putting on the iron covering for the building and Mr. Wheeler was employed on the work with the rest of the tinner. They were putting on a gutter at the west side of the building and Mr. Wheeler was working near the Milwaukee street end. The snow upon the roof made it very slippery and in some manner he lost his footing and fell over the end of the building facing on Milwaukee street.

In falling he struck upon a stake in the ground receiving severe internal injuries and was also severely cut about the head and face when he struck the frozen ground.

It is not known how he came to fall as he was not seen by any of the workmen. When he was discovered he was picked up and carried to the hotel opposite the building and a call sent in for the patrol wagon.

When the wagon arrived upon the scene he was found to be suffering from severe internal injuries and was bleeding badly about the mouth. He could not lie down on account of the blood hindering his breathing.

Dr. Joe Whiting was immediately summoned and the injured man taken to his home.

Dr. Joe Whiting found upon examination that he was suffering from severe internal injuries. His left knee cap was terribly torn and bruised, the right shoulder dislocated, his nose broken and the left side torn away. His condition this afternoon is critical, and the chances for his recovery are against him.

SUIT FOR DAMAGES AGAINST THE CITY

Mrs. L. J. Harris Alleges Injuries
Caused By Repairs Now Being
Made on Court Street.

The macadamizing of Court Street is likely to involve the city in a damage suit. A notice of injury has been filed with City Clerk Badger by Attorney M. P. Richardson notifying the city that on October 27, 1900, Mrs. L. M. Harris, mother-in-law of A. W. Allison who resides at 52 Harrison street, sustained severe injuries to her limbs, and body by falling while crossing Court street from Mrs. A. E. Rich's residence to the south side of the street.

She alleges that the street was in bad repair on account of the cross-walk being removed and no walk being placed over the ditches. She claims that at the time she was injured there was nothing to protect anyone crossing the street from falling into the ditch which was in a dangerous condition.

Contractor Martin claims that every precaution was taken to warn people of the dangerous condition of the street and that attention was paid to the safeguards.

The matter will come up at the regular meeting of the common council and some action taken upon it.

St. Mary's Church Social.

A large crowd gathered at Assembly hall last evening at the second of a series of entertainments given for the benefit of St. Mary's church. The early part of the evening was spent in card playing and other games. Each lady member present had brought a lunch basket containing a lunch for two and a great deal of amusement was created when they were auctioned off to the gentlemen present. The gentleman purchasing the basket shared the contents with the lady who had brought it. This was something out of the ordinary run of socials and was enjoyed by all. The next entertainment will be held at the Opera House.

REV. R. C. CHENEY SERIOUSLY INSANE

HE IS CONFINED IN A FOND DU
LAC HOSPITAL.

This State of Affairs Brought About By
Overwork in Soliciting Funds For
the Academy of Endeavor—Rest
May Result in His Recovery—Was
Well Known in Janesville.

The Reverend Russell C. Cheney, principal of the Academy of Endeavor is in a Fond du Lac hospital, seriously insane from overwork. His strange actions at the Northwestern depot caused the agent to summon a physician yesterday. He came to this city to solicit funds for a new building for the academy and called on the Rev. Joseph H. Chameller, an old friend, being at that time apparently well. The physician believes that rest will result in recovery.

Rev. Cheney formerly resided in this city. For several years he was state missionary of the congregational church and traveled about the state holding meetings and starting churches. He was very successful in this work and about two years ago was appointed principal of the endeavor academy at Endeavor, Wis., and also pastor of the church at that place.

The academy was in poor financial condition and the Rev. Cheney spent a large portion of his time in traveling around soliciting funds for its support.

The work was very hard and the worry over the affairs of the institution caused a breaking down of his system. Rev. Cheney is a native of this county, his father being a resident of Emerald Grove during his life time.

His mother resides on North High street and is now well advanced in years. He is a brother of Eugene Lowell of this city. His wife was here on a visit with relatives when she received the news of his breaking down and left immediately for his bed side. His sister, Mrs. Lowell left on the early morning train for Fond du Lac to be with him. Rev. Cheney has large following of friends in this city who will be pained to hear of his trouble and hope for his speedy recovery.

When Mr. Cheney spoke of taking the position as principal of the Endeavor academy several of his friends in this city spoke to him about the hard work the position would demand and questioned his being able to stand the strain that would be put upon him. He was very hopeful about the work and felt confident of being able to stand the work without giving out.

THIS MAN CARRIED TWO DINNER PAILS

Case of Too Much Prosperity Found
Lying in the Northwestern
Round House Yards.

A telephone message was sent to the municipal court this morning at about 10:30 o'clock from the Northwestern round house stating that a man was lying beside the tracks near the Northwestern ice houses all cut up by the cars.

Chief Hogan went immediately to the place expecting to find a man all cut up and a fit subject for the coroner. He was much surprised when he arrived at the place to find a character by the name of Joe Ward lying on the ground between some telegraph poles very much under the influence of "booze." Ward had a slight cut along one side of his face that looked as if he had fallen up against something with a sharp edge and was pretty badly chilled from lying on the cold ground.

When found by the chief he had two dinner pails, one filled and one empty, the contents of the one that was empty had been spilled on the ground near the round house.

This was a case of too much prosperity—A man with two "full dinner pails" and one stomach full of "booze." It was more of a load than he could carry so he laid down to rest.

Chief Hogan took him to the city lock up where he can have all the time he wishes to rest.

MARY PENTON GOES TO OLD LADIES' HOME

Takes the Step In Order That Her Last
Years May Be Passed In
Peace and Comfort.

Mrs. Mary Penton of 160 Prospect avenue will leave next Monday to enter the Catholic Old Ladies' home in Milwaukee. Mrs. Penton is well along in years and takes this step in order that her last years may be spent in peace and comfort.

Mrs. Penton first made application to enter the Episcopal Old Ladies' Home in Milwaukee. There are certain rules in force in the Episcopal home which require that anyone entering the home having property shall turn the property over to the institution. They will manage the property for her so long as the person lives and give them the income and on the death of the holder the property goes to the home to help maintain it.

Mrs. Penton was not willing to comply with this rule but offered to give a part of the property. The director of the home could not accept this proposition as it was contrary to the rules of the home. Mrs. Penton then applied for admission to the Catholic home, where the arrangements that she wished to make were satisfactory to the management and she will leave next Monday to enter the home.

Mrs. Penton has sold her home on Prospect avenue to Miss Carrie Zeininger and has made all necessary arrangements regarding the disposal of her body at the time of her death.

SHATTUCK & KENT BUY A RESTAURANT

People Known In Janesville Purchase
a Madison Street, Chicago,
Place of Business.

W. B. Shattuck and F. B. Kent on Saturday last purchased from Clemens Brinkman of Chicago, Burke's European hotel and oyster house. The hotel building is the property of Mr. Michael Burke who erected the house in 1871, directly after the fire. Mr. Shattuck of the firm is now in Chicago, is the son of Mr. Ira Shattuck, one of the proprietors of the Nicollet House of Minneapolis. His wife was formerly Miss Cora Sutherland, daughter of Mr. and Mrs. Orion Sutherland of this city. Mr. Shattuck and his wife have visited here frequently and are general favorites with a large circle of acquaintances.

Mr. Shattuck for the past two years, in company with Mr. Kent, successfully conducted the Queen City Hotel at Cumberland, Md. He and his partner are both energetic and experienced hotel keepers. Their new location will admit of further development and no doubt they will make the most of it.

The Chicago Oyster House is one of the best known and most popular restaurants in the city. It is on Madison street midway between Clark and LaSalle streets opposite the Brevort House and is in the very center of street travel and activity. The hotel has about sixty rooms with ground floor entrance and elevator. The price paid for Mr. Brinkman's interest is said to be \$10,000. The many friends of the young men in this city wish them success in their new enterprise.

DRESS AND FASHION.

PICTURESQUE AND HISTORIC MODES ARE FOREMOST.

Coming Toilets and Cloth Gowns For Present Wear—New Rainproof Garments—Three-quarter Length Coats and Latest Sleeves.

The best dressed people are adopting what is picturesque in costumes, taking for their models old works of art. The only danger is that they may run into extremes and ignore the trimness which is essential to good dressing. It is difficult to predict whether empire or directoire styles will prevail in the coming season's fashions, but one may safely assume that our winter toilets will be a mixture of the two epochs in dress. Evening gowns will lean toward the former undoubtedly.

The little, short boleros, with a waist-plait at the back, are the newest fashion, and very smart they look.

FUR TRIMMED COSTUME.

though perhaps short, stout figures will not be improved by the baggy effect produced.

A coat and skirt which represent a very chic style are in dove gray cloth, fastening double breasted and heavily stitched and strapped. The skirt is also trimmed with strapping. A double collar and cuffs of black Persian lamb complete the garniture of the coat, while a narrow band of the same serves as a foot border for the skirt.

Equally distinguished in their way are some of the new "wet weather" garments. The single breasted, full length Talma ulster is accounted very smart and presents as firm a front to wind and weather as did the malodorous mackintosh of former days, being made of rainproof cloth, water tight and infinitely cooler and healthier than its progenitor. Charming rainproof capes also, with silk lined hoods, soft, light and easily carried, represent a convenient English fashion.

In mantles a great feature is the three-quarter length, in velvet, with satin or cloth applique, or silk with cloth applique, and the jackets, whether in black or fawn, are mostly three-quarters, with sack or semifitting backs. Gold buttons, gold braid, gold galloon, all appear to lighten the heaviness of the dark cloth dress, gold braid looking extremely well when striped with lines of fur or when allowed to outline a black belt on a black dress, and sleeves which turn back below the elbow to reveal an undersleeve are to be seen on many of the new models in cloth coats.

WET WEATHER ATTIRE.

the turned back cuffs of these being for the most part, broad and straight. One may wear skirts as best suits the fancy. The latest shapes have gathers or small plaits at the back and are plain in the front. Others, again, have shaped flounces on the hem, but as often as not the choice will fall upon the plain, tight skirt outspreading at the hem, which obtained its first popularity a couple of seasons ago.

Hurt in Pittsburg Explosion.
Pittsburg, Pa., Nov. 16.—A natural gas explosion at 1010 Carson street at 8:30 o'clock today wrecked the building and seriously injured three persons, one fatally. The explosion was immediately followed by fire, which almost totally consumed the building.

The injured are:
Joseph Dobson, frightfully burned; will die.

Mrs. Annie Dobson, his wife, painfully burned about the head and face; will recover.

August Burchert, face and hands badly burned; not dangerous.

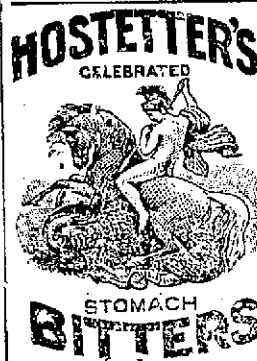

The property damage was small.

Strong Sued for \$200,000.
Colorado Springs, Colo., Nov. 16.—Two suits for \$100,000 each have been begun in the District Court here against Samuel Strong, the well known Cripple Creek mine owner, by William Lennox and others and the Strong Gold Mining Company. The complaints allege that Strong caused the explosion which destroyed the buildings on the Strong mines May 24, 1894, thereby greatly injuring the plaintiffs.

Bryan Wanted by Tammany.
New York, Nov. 16.—The Martin Engel association, the Tammany Hall organization of the eighth assembly district, has formally voted to offer William J. Bryan a handsome fee to come to New York and take charge of the legal defense of the district captains of the eighth assembly district. The men were indicted for alleged violations of the election laws.

Cities Adopt Voting Machines.
Niagara Falls is the latest city to adopt voting machines. The list now includes Buffalo, Rochester, Syracuse, and a dozen of the smaller cities of the state, so that a good estimate of the result of the election in the empire state will be obtainable early on the evening of Nov. 6.

Origin of Bayonet.
The bayonet had its origin in the fact that a Basque regiment at Bayonne, running out of ammunition, placed their long-handled knives in the ends of their guns and did deadly work with them. Hence the word bayonet from Bayonne.

Grandpa

Everybody's proud of this sort of Grandpa, and he's proud of himself; proud of his clear brain and active body. There are other kinds of grandpas that we can't be proud of. Weak of body and feeble of mind, we can only pity them. They no more live; they only exist. What makes the difference between these two classes of old men? A sound stomach and a plentiful supply of pure, rich blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach, purifies the blood, and increases the activity of the blood-making glands. It won't make old men young, but it will enable old men to assimilate the food they eat, and so strengthen them for a life of reasonable exertion.

"I suffered for six years with constipation and indigestion, during which time I employed several physicians, but they could not reach my case," writes Mr. C. Popplewell, of Eureka Springs, Carroll Co., Ark. "I felt that there was no help for me; could not retain food on my stomach; had vertigo and would fall helpless to the floor. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and after twelve bottles of the 'Discovery' I was able to do light work, and have been improving ever since. I am now in good health for one of my age—60 years. I owe it all to Dr. Pierce's medicines."

Old people often need a laxative medicine. The best for them is Dr. Pierce's Pleasant Pellets.
